

NB SG6: Eye & Ear (Special Senses)

Dress Code

Professional, casual attire or full scrubs with closed toed shoes.

Required materials and equipment:

1. **Pawlina text Chapters 24 & 25: Eye & Ear**
 - a. Special attention should be paid to **clinical folders**
2. **HCB Lab Supplement Eye & Ear.pdf** (SG6 folder)
3. **Clinical integration Eye & Ear.pdf**
4. NB lectures 19 & 21: Eye and Ear respectively

How to prepare for this session:

1. **Interactive Lab session:** ~60-75 minutes
 - Complete reading assignments
 - Review NB lectures 19 & 21: Eye and Ear
 - Review the slides found in the **Eye & Ear.pdf** along with the corresponding **HCB Lab Supplement Eye & Ear.pdf**.
 - Practice presenting all slides as if you were presenting to the rest of the small group.
2. **Clinical Integration:** ~10-15 minutes
 - Research cases in the clinical integration document to answer associated questions.
 - Will be guided by clinical faculty and released for review after the small group session.
3. **Identification slides:** ~5-10 minutes
4. **Self-assessment and small group evaluation:** ~5 minutes at the end of the session
 - Facilitator and small group evaluations

Note

HCB small groups are *student-driven, active learning sessions*. Students *should be prepared to present and discuss the slides found in the Eye&Ear.pdf*. Students are randomly selected to present slides to the other members of the small group. Clinical faculty will lead the small group through the Identification handout.
