Week 4	ER EXAM 1 Good luck! <3	#1 Day off #2 see exam 2 schedule	#3 #4	#5 #6	#7 #8	Catch up on day off	

MOTO

Endo part 1 & part 2: <https://drive.google.com/drive/folders/0B...-fCTW7QMMZVNRX1dHRWFvaEk?usp=sharing>

Drive: www.Kope.club is being set up to have all B&B, pixorize, ect

First aid (2020):As always, it is your bible.

BRS: best reading resource for endocrine, it's what your teacher bases her slides on.

Anki: There is NOTHING. NOTHING. Better for med school than Anki. Push yourself to become in love with Anki. Do it everyday. You'll never regret it.

BSCE: Use my "post Term 1" schedule and do 1 day of it per week. There's 20 days on the schedule and 19 weeks in term2 so it lines up almost perfectly. The average person should take between 1-3 hours on this per week. It depends on how strong your term 1 knowledge is and how quickly you watch videos. If term 1 was extra difficult, possible consider adding 10-30 term 1 anki a day IF you're doing okay in term 2. Term2 is priority over bsce1.
