

START DATE: Tuesday August 25th

Anki: Weekly tagged SGU Zanki deck will be on drive

This module is a TANK. Stay on track, watch pixorize every single day.

Sketchy has released a biochem section, I have not used it. But I'm sure it's excellent. Please consider using it

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Week 1	ER Exam	#1 Glycolysis #2 GI Embryology DLA post lecture 1 A&B	#3 GI Embryology #4 PDH and TCA Cycle DLA post lecture 1C	#5 Anatomy (Peritoneum) #6 ETC and Oxidative Phosphorylation DLA	#7 Anatomy (Stomach/Small Intestine) #8 Gluconeogenesis DLA	Review lecture 1-4 +half of DLA	Review lecture 5-8 +half of DLAs
Videos		Take the day off, catch up on the weekend B&B biochem: 2.1 glucose, 2.2 glycolysis Pixorize: pyruvate kinase deficiency, Cori cycle, HMP shunt B&B GI: gastric embryo	B&B biochem: 2.7 pyruvate dehydrogenase, 2.8 TCA cycle Pixorize: fates of pyruvate, pyruvate dehydrogenase deficiency B&B: gastric embryo	B&B biochem: 2.9 ETC B&B GI: 1.2 GI anatomy, 1.3 GI blood supply Pixorize: Lebers hereditary optic neuropathy, mitochondrial myopathies	B&B biochem:2.3 gluconeogenesis B&B GI: 1.4 GI track	Catch up BSCE review day 4	Esoft quiz 1 Rewatch this week pixorize
FA pages		Biochem: 74-76,79 GI: 358-360, 362	Biochem:74-77 GI: 358-360	Biochem: 77-78 GI: 360-370	Biochem: 76-78 GI: 360-370	Biochem: 74-78 GI: 360-370	Biochem: 74-78 GI: 360-370
Tasks		Grey's questions assigned	Grey's questions assigned	Grey's questions assigned	Grey's questions assigned	Biochem Qs	Biochem Qs

MOTO

https://drive.google.com/drive/folders/0B__fCTW7QMMZVNRX1dHRWFvaEk?usp=sharing

First aid (2020): As always, it is your bible.

Anki: There is NOTHING. NOTHING. Better for med school than Anki. Push yourself to become in love with Anki. Do it everyday. You'll never regret it.

BSCE: Use my "post Term 1" schedule and do 1 day of it per week. There's 20 days on the schedule and 19 weeks in term2 so it lines up almost perfectly. The average person should take between 1-3 hours on this per week. It depends on how strong your term 1 knowledge is and how quickly you watch videos. If term 1 was extra difficult, possible consider adding 10-30 term 1 anki a day IF you're doing okay in term 2. Term2 is priority over bsce1.

[BSCE schedule link](#)

GI MOTO

interdigestion/MMC 1-6

ANS 7-8

Esophagus 9-20

Stomach 21-34

Small intestines 35-40

GI reflexes 41-51

Hirsprungs 52-53

Gastrointestinal secretions 54-55

Saliva 56-61

Stomach secretions 62-77

Low gastric Ph 78-88

Gastric mucosa 89-95

ZE 96-98

Duodenal ulcers 99-106

Hormonesn 107-134

Pancreas 135-

Bile 144-156

Gip 157-167

Duodenum 168

Colom & fluid absorption 228-244
